

Goods Receipt Note (GRN) CSV Field Guide

Required and optional columns for GRN CSV Import (Documents > Goods Receipt Notes tab)

Same grouping behaviour as PO import: rows sharing the same GRN number become one record with multiple line items. Amount values may include currency symbols/commas — cleaned automatically.

- REQUIRED**

— row is rejected/skipped if this field can't be found
- optional**

— imported if present, safely ignored if missing

FIELD	REQ?	ACCEPTED HEADER NAMES	NOTES
grn_number	REQUIRED	GRN No, GRN Number, GRN#, GRN Ref, GRN Reference, grn_number	
vendor_name	REQUIRED	Supplier Name, Vendor Name, Vendor, Supplier, vendor_name
